

4th Annual Meeting of the International Continence Society

Mainz, September 5-7, 1974

Chairman: RUDOLF HOHENFELLNER, Mainz

Honorary Secretary: ERIC S. GLEN, Glasgow

Secretaries: KARL STOCKAMP and FRIEDHELM SCHREITER, Mainz

Index

Physiology of the Lower Urinary Tract – Urethral Models

ENHORNUNG, G. E. (Toronto, Ont.): A Concept of Urinary Continence	3
DONKER, P. J. and SLUIS, C. VAN DER (Leiden): Action of β -Adrenergic Blocking Agents on the Urethral Pressure Profile.	6
SCHREITER, F.; FUCHS, P., and STOCKAMP, K. (Mainz): Estrogenic Sensitivity of α -Receptors in the Urethra Musculature	13
SCHÄFER, W.; STERLING, A. M., and MELCHIOR, H. (Aachen/Leiden): Bladder Neck and Urethra in a Physical Model	20
PLEVNIK, S. (Ljubljana): Model of the Proximal Urethra: Measurement of the Urethral Stress Profile	23
OLESEN, K. P. and GRAU, V. (Copenhagen): The Suspensory Apparatus of the Female Bladder Neck	33

Methods of Urodynamic Investigations

KUNATH, U. (Frankfurt am Main): Pressure Measurements in Organic Sphincteric Zones	38
VERECKEN, R. L. and VERDUYN, H. (Louvain): Is the Intrinsic Bladder Pressure a Reliable Parameter?	44
ROSSIER, A. B. and OTT, R. (Boston, Mass./Geneva): Bladder and Urethral Recordings in Acute and Chronic Spinal Cord Injury Patients	49
KIESSWETTER, H. (Vienna): EMG-Patterns of Pelvic Floor Muscles with Surface Electrodes	60

- ROWAN, D.; DEEHAN, C., and GLEN, E. S. (Glasgow): Detection of Urine Loss Using the Exeter Recording Nappy and Other Similar Devices 70

Urodynamics Evaluation and Treatment of Voiding Disorders

- THORUP ANDERSEN, J.; JACOBSEN, O.; GAMMELGAARD, P. A., and HALD, T. (Hellerup): Dysfunction of the Bladder Neck: A Urodynamic Study 78
- HAUBENSAK, K. and KOCH, A. (Homburg a. d. Saar): Urodynamische Messwerte bei Enuretikern 87
- STOCKAMP, K.; HERRMANN, H., and SCHREITER, F. (Mainz): Conservative Bladder Treatment in Myelodysplasia. Differentiation of Patients by Cystomanometry . 93
- PALMTAG, H. and SCHNEIDER, P. (Heidelberg): Detrusor Activity and Outflow Resistance in Stress Incontinence 100

Electrostimulation of Detrusor and Pelvic Floor

- JONAS, U.; JONES, L. W., and TANAGHO, E. A. (San Francisco, Calif.): Controlled Electrical Bladder Evacuation via Stimulation of the Sacral Micturition Center or Direct Detrusor Stimulation 108
- RAKOVEC, S. (Ljubljana): Reflex Electrical Stimulation for Urinary Incontinence . 111
- ŠUHEL, P. (Ljubljana): Adjustable Nonimplantable Electrical Stimulators for Correction of Urinary Incontinence 115
- GODEC, C. and KRALJ, B. (Ljubljana): Selection of Patients with Urinary Incontinence for Application of Functional Electrical Stimulation 124
- ALEXANDER, S. (Glasgow): A Critical Look at Incontinence Radio-Implants 129
- GLEN, E. S.; SAMUELS, B. M.; MACKENZIE, I. M., and ROWAN, D. (Glasgow): Maximum Perineal Stimulation for Urinary Incontinence 134
